VOL. XXVIII.

HOPKINSVILLE, KENTUCKY, SATURDAY, JUNE 23, 1906.

NO. 75.

Large Men. Stout Men.

Men who think they are hard to fit because they are out of the ordinary--can dress as neatly and becomingly as the most perfect tailor's model.

Inexpensively? Yes, extremely so. It's not the price that makes the fit; it depends entirely on the design and tailoring. Schloss Bros. & Co., of Baltimore and New York, are known the world over as Specialty makers of fine Ready-to-Wear Garments. They have made a study of draping large, stout men and men out of the ordinary proportions.

What we mean by "draping" is not merely "dressing," or "clothing." We mean fitting them perfectly in garments particularly designed to moderate where nature has been profuse and to fit out where nature has been deficient.

In other words, this Schloss clothing not only clothes the figure, but "drapes" it as well,—makes the style of the moment seem to have been especially designed for the wearer.

A trial is all that's necessary to convince you. Come to see us. Try one of these Schloss specialties and you will be surprised to see how well-proportioned and handsomely dressed you can look by simply wearing clothes especially designed by these skillful tailors to fit men of just your build and physique.

Prices are not high! To the contrary, very reasonable, because these celebrated clothes makers cut and tailor these goods in large quantities by the wholesale, and they cost you no more than similar clothes of ordinary size.

We are certain that if you come in and try on one of these suits you will become a permanent patron, and thank us for the suggestion.

Yours truly,

Being Organized to Build
Hotel at Crofton.

A Stock Company is being organized at Crofton for the purpose of building a hotel on the same site on which stood the hotel that was destroyed by fire last November. The

proposed new structure will be of brick, modern in all appointments, and will cost \$4,000. Nearly all the stock has been subscribed. The lot on which the hotel is to be erected belongs to Cranor Bros.

Both the Christian church and the First Presbyterian Sunday Schools had picnics Thursday, the former at Campbell's cave and the latter at Edwards' mill.

ON COLLEGE HILL.

Getting Ready for The Fall Term of South Kentucky College.

Owing to the crowded condition of our columns we are able to give only a brief outline of the preparations being made for opening the fall term in the new main building. Profs. Kuykendall, Smith and Hardy are working like Trojans themselves and have everyone under their control on the rapid move.

Three crews of men are now and have been for some time at work on the main building, which is about half completed.

The girls' boarding house, to contain 25 or 30 rooms, about 40 feet South of the main building, but connected by a roof, will be pushed to a rapid completion. The contract for building was let last Thursday, the main work to the Forbes' Mfg. Co.; Stone work and foundation to L. H. Davis; brick work to Dalton Bros. Cost about \$10,000.

Already \$32,000 have been raised for erecting the main building, but the trustees need more funds yet and those disposed to aid in the great cause should not hold back but respond at once. The above amount is to be used for paying the old debt, making repairs, and what may be left to be applied for the new building.

We have seen the drawings of this building and the front elevation is certainly a beauty. A description could be given, but it would not give any idea of the convenience and general adaptation of the different departments. Both buildings will be lighted by electricity, heated by steam and supplied throughout with hot and cold water. Every modern convenience will be adopted and the new College building will be a great improvement over the old. The girls' boarding department is a big thing of itself.

FACULTY COMPLETE.

Meeting of School Board and Two Teachers Elected.

The mills are paying 80 cents per bushel for No. 2 wheat of the new crop, which is beginning to arrive on the market. The wheat crop is very fine and is being threshed in good condition, as the dry spell still continues.

The Odd Fellows are arranging to go to Clarksville for a day's outing soon. If they conclude to go they will charter a car and take their families with them. The day has not yet been decided on but it may be tomorrow week.

LIFE SENTENCE FOR CHEANEY.

Entered Plea of Guilty of Murder of Maude Ellis Last December.

DUFFY GOT 21 YEARS.

Indictment in the Pembroke Murder Case Was Dismissed.

The case of the commonwealth against John Cheaney, charged with the murder of Maud Ellis last December, was called yesterday and the jury was made up before noon. When court reconvened after dinner the defendant withdrew his plea of not guilty and entered a plea of guilty to the charge. The jury retired to their room, and in a very few minutes, returned a verdict of guilty and fixed his punishment at life imprisonment.

The indictment against Ed Moseley, col., charging him with complicity in the murder of an unknown white man near Pembroke on the night of November 14, 1903, was called and dismissed Thursday. Moseley is the only one of the nine negroes indicted for the crime who escaped conviction. He proved a good witness for the commonwealth in several of the cases, but denied having had any connection with the actual killing or any intimation that a murder was to be committed. The dismissal of the bill against Moseley closes one of the most sensational murder cases in the history of the county. Of the nine negroes arrested and charged with the murder, only one was hanged, this being old George Holland, who was executed July 7, 1905. Seven of them, Frank Meriwether, Dick Carney, Frank Sherman, Ed Holland, Bill Garrott, Frank Massie and Charles Finch, were sentenced to life imprisonment. All of them except Finch were taken to the Eddyville prison about two years ago. Carney has since died of consumption. Finch carried his case to the court of appeals, but it was affirmed and he will probably be taken to the pen next week.

The jury in the case of Gene Duffy, charged with the murder of Dave Cowherd, another negro, after deliberating two hours, returned a verdict finding the defendant guilty of manslaughter and fixing his punishment at twenty-one years in the penitentiary.

Cleveland Jones, col., was fined \$100, on a plea of guilty to the charge of shooting in sudden heat and passion. A fine of \$25 and ten days in jail was also assessed against him for carrying a concealed deadly weapon.

The case of C.W. Johnston, charged with exposing quail for sale after Jan. 1 last, was dismissed and stricken from the docket.

Ed Arbuckle was fined \$20 and

Mr. Walter F. Garnett, Agent,
New York Life Insurance Co.,
City.

Dear Sir:

It gives me pleasure to acknowledge receipt of statement of optional settlement on 20-Payment Life Policy, No. 223,593, for \$1,500.00, issued at age 35, with premium of \$52.50, taken out with you Apr. 29, '86. After having been insured for 20 years, I am offered a paid up policy for \$1,500 and a cash dividend of \$406.88, or the total value may be withdrawn in cash—\$1,215.85, (which is more than I have paid in in the 20 years) or a fully paid up policy payable at my death for \$2,219.00.

The cash settlement of \$1,215.85 is equal to Term Insurance at \$12.87 per \$1,000 and an investment of the balance of premiums with $\frac{1}{2}$ per cent. compound interest for twenty years. This showing is certainly a creditable one for the New York Life, and I will be pleased to give you my application for \$1,000 on the Ordinary Life plan.

Yours very truly,

C. E. WEST.

Hoffman, however, is defiant and says he can fine them as fast as the Governor can pardon them and will start with to-morrow's violations.

BY ONE VOTE

The Graded School Proposition Was Lost.

There was a close and exciting election held in Lafayette Thursday on the question of establishing free graded schools and the school proposition was defeated by only one majority and one man arrived a minute too late whose vote would have tied the returns. The vote stood, ayes 46, noes 47. The school advocates maintained a slight lead in the forenoon, but this was slowly overcome before the polls closed at four o'clock. The vote was by the *viva voce* system and only whites participated. The proposition was for a tax of 50 cents on each \$100 of assessed property and a poll tax of \$1.50. The school people are much disappointed over their defeat by such a narrow margin.

A strong wind was blowing and the fire jumped from one shock to another until ten or fifteen acres had been burned over. Cox took to his heels and has not been seen since. He had been working for Mr. Garrott about three weeks.

TENNESSEAN

Comes to Hopkinsville to Get
a Bride.

Mr. J. S. Bartlett, of Cedar Hill, Tenn., and Miss Willie A. Stinnett, of this city, were married at the residence of Mr. B. F. McClaid Wednesday, at 4:30 p. m., and left at 5:18 for their future home in Tennessee. Rev. C. H. Nash performed the ceremony. Mr. Bartlett was accompanied to the city by Dr. A. Worth Hobby and Miss Annie Ayres, both of Cedar Hill.

The bride is a very pretty and popular young woman and had for some time made her home with Mr. McClaid's family. The groom is a son of Mr. James Bartlett, a prominent Robertson county planter, and is a nephew of former State Senator R. H. Bartlett, of Cedar Hill.

BIG CROWD

Last night the opening ball came off in grand style at Cerulean. Every one had a most enjoyable time. Quite a number of devotees of Terpsichore went down from the city.

The train which pulled out from here at 11:18 was loaded down with Sunday School children, teachers, parents and as well as people going down to the ball. There was no standing room and many had to ride on the platform of the cars.

CHANCES GOOD

For Securing State Encampment of Soldiers.

In a conversation a few days ago with a gentleman who is acquainted with the situation, we learned that Hopkinsville has a fairly good chance of securing the encampment of the State troops. It seems that it is about time for our people to be getting busy. A committee should be appointed to raise the small guarantee fund at once, as there is no use in making efforts in other directions until the small amount is secured. What is needed is a mere bagatelle compared with the money that will be spent here by the troops and their visitors. From the way it looks now we have big advantages over other cities pulling for the plum, and if it doesn't drop our way it will be only because our people do not desire it, or won't get a move on themselves. Everybody ought to wake up and lend a hand in helping the Commercial club secure what they have undertaken. There's money in it.

The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the Jewelry line. There's a record behind us, a record of over thirty years; a clean record of satisfied customers, a record of honest dealing, for honest quality, honest prices. It's a record any Jeweler might feel proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality, is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods.

It will pay you in the end to deal with the Old Reliable Jeweler.
